

Dear parents and carers,

Please see flyer with all SENSational play provision in Southwark. These stay and play sessions are available across the borough for children with additional needs/disabilities and their parents and carers.

Sessions for 0-5s run during the week and for 0-8s on Saturdays, in multiple locations!

Come along to:

- have fun with your child
- meet other families
- access information & advice
- find out more about topics such as communication, sleeping and eating, positive behaviour and Autism.

Best wishes,

The Nursery team
